DOD2504

3 LED Optic Flashlight

- 3 x 5mm LEDs
- Optic magnifying lens
- Side push button switch
- Sleek & compact design
- 30 Hour run time
- Convenient nylon lanyard
- Available in Black & Grey
- Uses 3 x AAA batteries (included)

DORCY

DOD2510

4 LED Waterproof Flashlight

- 4 Super Bright LEDs
- Plastic Construction
- Built-in carabineer clip
- Rubber grip
- Compact & lightweight
- Waterproof / Floating
- Uses 3 x AA batteries (included)

DOD2958

45 Lumen LED Rubber Flashlight

- TPE Rubber Construction
- Weather resistant
- Projects 30 metre beam of light
- Compact Design
- Uses 3 x AAA batteries (included)

DOD2968

80 Lumen LED Rubber Flashlight

- TPE Rubber Construction
- Weather resistant
- Projects 30 metre beam of light
- Compact Design
- Uses 3 x AAA batteries (included)

FLASHLIGHTS

DOD3985

Gel Brite Flashlight Combo

- Super tough rubber construction
- Shockproof & Weatherproof
- Super bright Krypton bulb
- Soft touch grip
- Sealed push button switch
- Available in Red, Blue and Yellow
- Batteries included

DOD4240

9 LED Flashlight

- 9 x 5mm LEDs
- Weather resistant
- Tail Cap Push Button Switch
- Convenient nylon lanyard
- 40 Hour Run Time
- Assorted Colors - Red, Yellow, Blue
- Uses 3 x AAA batteries (included)

DOD4248

9 LED Camouflage Flashlight

- 40 Hour Run Time
- Weather Resistant
- Tail Cap push button switch
- Convenient nylon lanyard
- Camouflage print design
- Uses 3 x AAA batteries (included)

DOD4750

180 Lumen

Cyber Light High Flux LED

- Plastic construction with rubber grip
- Optimized Reflector system for maximum light output
- Push button barrel switch
- 5 Hour Run Time
- 300 metre beam distance
- Wrist lanyard included
- Uses 4 x AAA batteries (included)

DORCY

DOD4216

80 Lumen

Aluminium LED Flashlight

- Aluminium alloy construction
- Tail cap push button switch
- Projects 30 metre beam of light
- Compact design
- 8 Hour Run Time
- Uses 2 x AA batteries (included)

DOD4284

45 Lumen

Metal Gear LED Flashlight

- Aluminium construction
- Tail Cap push button switch
- Heavy duty Nylon Holster included
- Projects 30 meter beam of light
- 25 Hour Run Time
- Uses 3 x AAA batteries (included)

DOD4235

9 LED Angle Head Flashlight

- Weather Resistant
- Tail Cap Push Button Switch
- Assorted Colors
- Uses 3 x AAA batteries (included)

FLASHLIGHTS

DOD2095

Headlamp w/ Batteries

- Adjustable elastic head strap
- Adjustable beam focus from Spot to Floodlight
- Super bright bulb
- Side mounted push button switch
- Great for camping
- Uses 2 x AA batteries (included)

DOD2091

45 Lumen

Metal Gear LED Headlight

- Dual Function – 45 Lumen LED & Red LED
- Aluminium construction
- Adjustable elastic head strap
- Top Mounted push button switch
- Uses 3 x AAA batteries (included)

DOD2096

LED Headlight

- 3 Super Bright LEDs
- Adjustable light head
- Adjustable elastic head strap
- Detachable main body
- Side On/Off switch
- 28 Hours Run Time
- Assorted colors
- Uses 3 x AAA batteries (included)

DOD1046

6V LED Floating Lantern

- 40 Lumens
- 100 Hour Run Time **
- 100 Metre beam distance
- Floating
- Lanyard included
- Uses 6V battery (included)

*** A comparable Incandescent / Xenon bulb 6V lantern will require approximately 22 HD 6V batteries to match this run time. (ANSI FL1 Standard)*

DOD1019

Focusing Spotlight Lantern

- Super bright Krypton bulb
- Focusing Spot to Area Lantern
- Rubberised non-slip base for added stability and shock resistance
- Retractable, built-in handle hook
- Adjustable stand and handle
- Multi-purpose carrying handle folds down into a convenient table-top stand
- Uses 4 x D batteries (not included)

DOD3111

Rechargeable LED Twin Globe Lantern

- 160 Lumens
- High Performance Cree Q4 LED System
- Two brightness settings, 50%, 100% plus Amber Night Light
- One Globe LED - 30 Hour Run Time
- Two Globe LED - 20 Hour Run Time
- Water Resistant
- Radiates light 360 degrees
- Sturdy Handle with pop out hanger hool
- Provides up to 9 metre radius of light
- Rechargeable batteries included
- Includes AC & DC Adapters

DOD3108

160 Lumen LED Twin Globe Lantern

- 160 Lumens
- 360° Illuminating LED
- Waterproof & Floating Lantern – Submersible IPX-7
- 3 Power Levels:
 - One Globe LED - 350 Hour Run Time
 - Two Globe LED - 175 Hour Run Time
 - Amber LED - 700 Hours
- Uses 4 x D batteries (not included)

DOD3106

LED Invertible Lantern

- 40 Lumen LED
- 240 Hour Run Time
- Inverts to hang upside down
- Dimmer Switch – brightness control
- Carry Handle with built-in hook for hanging
- Rubberised non slip base for added stability and shock resistance
- Weather Resistant
- Uses 4 x D batteries (not included)

DOD1020

LED Focusing Area Lantern

- 40 Lumen LED
- 240 Hour Run Time
- Focusing Spot to Area Lantern
- Rubberised non-slip base for added stability and shock resistance
- Carry handle with hang hook and adjustable stand
- Weather Resistant
- Uses 4 x D batteries (not included)

DOD3102

4C Single Globe Lantern

- Up to 300 Hours Run Time
- Two brightness settings, 50%, 100% plus Amber Night Light
- Fully waterproof to IPX-7 specification
- Lightweight, portable and floats
- Sturdy handle with pop out hanger hook
- Provides up to 9 metre radius of light
- Uses 4 x C batteries (not included)

DOD1017

4 LED Mini Lantern

- 4 Super Bright 5mm LEDs
- Durable switch
- Built-in hang hook
- Sleek design
- Assorted colours
- Uses 4 x AA batteries (not included)

DOD3107

LED Multifunction Lantern

- 50 Lumen LED Flashlight/Lantern
- 3 LED Flashlight – 50 Hour Run Time
- 6 LED Lantern – 35 Hour Run Time
- 1 LED Night Light – 100 Hour Run Time
- Rubber Booted bezel/base

- AC/DC Rechargeable High Performance LED Spotlight
- 3 High Powered LEDs
- 500 Lumens of intense LED light
- Over 150 metre beam distance
- 2.5 Hour Run Time on full charge
- NEW Battery Saver Technology
- Locking trigger switch
- Rubber grip and bezel housing
- Hands free stand up base

High performance with new "Battery Saver Technology" and extended run times.

High battery failure rates are experienced in most rechargeable Spotlights due to damage caused from completely discharging the battery, and failing to recharge it after use.

Dorcy **Battery Saver Technology** prevents the battery from being over discharged, and maintains the performance, run time, and life of the battery, ensuring many years of use.

The 3 High Powered LED's produce **500 Lumens** of light, and a **150 Metre** beam shot.

Typical rechargeable Spotlights have a 30 minute run time, and 20 hour charge time from an AC charger.

The Dorcy Cyber Spotlight will run **2.5 hours** from a full charge, and has a charge time of **8 hours** from it's AC charger, and 3 hours on DC charger.
